

INFORMATIONAL MEETING

Mad Creek Prescribed Burn Project

6:30 p.m. Tuesday, March 15
Empire Town Hall

- The U.S. Forest Service is planning a **prescribed burn** in the area west of the Town of Empire as part of the Mad Creek Bighorn Sheep Habitat Enhancement Project.
- The project is **expected to start this spring** (March or April) with slash pile burning.
- A prescribed broadcast fire will be organized within about 50 acres of the project area **when ideal conditions occur in May or June**.
- The project's goal is to reduce fuels and improve wildlife habitat, particularly for **bighorn sheep**.
- The Forest Service together with Colorado Parks and Wildlife will be presenting information about the project and answering questions during a town hall meeting starting **at 6:30 p.m. March 15**.
- If you cannot attend the meeting, more information, maps and a copy of our presentation will be posted on our website at:
